**Deputy Mayor Ken Schauenberg**

**780-954-2248**

**Administration Garth and Marion Bancroft (info in letterhead)**

## APRIL 2015

### NOTICE OF BY-ELECTION

We are happy to announce there was interest from several people to fill the vacant position on council. In the end two individuals filed nomination forms to let their names stand. Accordingly there will be a by-election on May 2, 2015 between the hours of 10:00 a.m. and 8:00 p.m. at 10511-109 St. in Westlock (Front Door). The candidates are:

- Andre Huot
- Nick Tywoniuk

The summer village has made arrangements to have a mail in ballot for those who live out of the area or are disabled. This can be done by mail, email or fax. If you require a special ballot, please contact our office. If you opt to use the mail in ballots you need to sign the disclosure of your eligibility to vote and have your signature witnessed. In addition you must photocopy a piece of photo identification and attach that to your disclosure to ensure that person is you. Please ensure you have allowed sufficient time to ensure your ballot is received before May 2, 2015. Those documents can then be mailed to Marion Bancroft at any of the information on the letterhead (email, fax or standard mail).

### OTHER SUMMER VILLAGE ITEMS OF INTEREST

The roads appear to have survived the winter rather well. Last year there were concerns expressed about the adhesion between the topping and the existing surface that was applied on the roads. It appears the bond between the old and the new worked well and the roads seem to be holding up rather well. However with the spring melt the roads can become quite soft. Please keep this in mind when hauling heavy loads.

Spring is officially here and with that comes the green grass. Before the grass greens up, however, the old dry grass and deadfall present the possibility of wildfires. We follow the County of Westlock for fire bans so please ensure you follow them. Remember that you are responsible for all fires you start and the costs of fighting fires that get away from you are your responsibility.

On May 16<sup>th</sup> (May long weekend) we will be cleaning up around the hall and picking debris from the roads. Anyone who wants to help out and volunteer an hour or two, we will meet at the hall at 10:00 a.m. and organize a clean up.

**Community Garage Sale** – A number of residents have expressed an interest in having individual “Garage Sales” this spring/summer. If the community wants to have one week end designated for a community garage sale contact Ken @ 780-954-2248 and perhaps we can agree on a single date.
